## Statements made by State under review at the HRC under item 6 after the adoption of the UPR report

**Country:** Malaysia (First Cycle, 2009)

**Date of the statement:** 16th HRC Session - 18 March 2011

“Malaysia understands that the success of the UPR process ultimately lies in the implementation of accepted recommendations by States. In this regards, I am pleased to inform the Council that for its part Malaysia has taken appropriate steps to implement the accepted recommendations, mindful that in our case, the second cycle of the review is less than two years away. The tangible results include Malaysia’s ratification of the Disabilities Convention in July 2010, withdrawal of a number of reservations to CEDAW and CRC and the operationalisation of national policies on children and protection of children and their respective action plans, among others. ”
